REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Whitmire Community School is a PreK-12 facility located in northern Newberry County. The school has been referred to as the hidden secret of the Sumter National Forest in a previous accreditation report. In 2003, Whitmire Elementary School (Pk-6) and Whitmire High School (7-12) joined together to form one school with one mission. WCS is a part of the School District of Newberry County and is accredited according to the AdvanceED Accreditation Standards for Quality Schools. WCS is also a High Schools That Work site, an initiative supported by Southern Regional Education Board (SREB) and the State Department of Education. The Palmetto Gold and Silver Award Program has recognized the elementary school (2006-2007) and the high school (2005-2010).

The PreK-12 setting has provided many professional development opportunities and advantages for the entire staff. Our professional learning communities (PLCs) consists of seven teams including staff from elementary, middle and high school on each. The PLC teams participate in such activities as data analysis, discussions of best practices and professional literature, and updating our strategic plan. We are able to have Vertical Team Planning across all grade-levels and content areas to become more familiar with our customers and their strengths/weaknesses. The WCS staff is able to gain knowledge of the perspective of all grade-levels and a respect for each other. Our students are also able to share their learning experiences across grade-levels with such activities as Reading with the Wolverines, Physics Day, Tutoring Programs, and a variety of presentations to each other.

Our classroom instruction is based on South Carolina curriculum standards with our focal point being reading and writing instruction. Reading and writing instruction is integrated across all content areas and the responsibility is equally shared by all of our teachers, students, parents and the community. Teachers across all content areas and grade-levels recognize "Writer's of the Month" each quarter at the Success Assemblies. Family message journals, the Wee Deliver Postal System, author visits, Reading with the Wolverines, and Read Across America Week provide authentic writing and reading opportunities throughout our school and community.

We continued a Measure of Academic Progress assessment program for grades K-10 to measure student growth in reading, language usage, and mathematics to identify each student's strengths and weaknesses. Our leadership Team will examine data and have meetings with grade-level teams and individual teachers concerning student performance on classroom, state, and computer-based assessments to establish goals and objectives for ongoing school improvement. The teachers will be provided time to share assessments and data with their peers for feedback. A daily enrichment period was scheduled for grades 3-8.

With available technology such as Smartboards in every classroom on campus, WCS continues to integrate technology into daily instruction. Teachers shared with their peers a variety of instructional/technology strategies and best practices. The use of technology in the classroom was also a focal point on professional development days.

We will continue to promote our unique PK-12 setting, use it to the advantage of student achievement, and work toward our mission of providing a safe, nurturing environment and collaborating with families and the community, to prepare all of our students for success
